

Exciting opportunities for online reading!

We have been in touch with Lincs Inspire Libraries to help your children get access to wonderful new exciting reading materials and the best part is it's absolutely free!

Parents and carers can create an account which your children can use to gain access to a wide range of reading materials from BorrowBox and Libby. By registering with Lincs Inspire Libraries you can use your login and pin to gain access to an array of online reading materials. You never know you may find something that you might like.

Once you register with Lincs Inspire you will receive a borrow number within 24 hours. You can then use the borrow number with the PIN you entered on the registration form to access these wonderful online resources from BorrowBox and Libby. As these platforms are accessible through your adult registration please help your child find reading content that is suitable for them. There's a whole selection of child's fiction available on the platforms but little ones may need help navigating their way to the texts that they are looking for.

These resources will be available to you for 6 months. To keep your access to these resources simply pop to your nearest Lincs Inspire library to complete your registration in person before the 6 months is up. You will need to bring something with proof of your name and address on. When you do this you will also be able to borrow physical items too!
